Luxembourg, March 25, 2022

Dear Shareholders,

We hereby inform you that this "Asia ex-Japan Bond" sub-fund will be transformed into new "Sustainable Asian Cities Bond" sub-fund. This transformation changes will be effective on May 6, 2022.

1) Background to and rationale for the Transformation

Performances of the "Asia ex-Japan Bond" sub-fund do not meet expectation, as the sub-fund has underperformed its benchmark 50% JPM Asia Credit Index + 50% Markit iBoxx ALBI over the short- and longer-term.

The transformation into a new "Sustainable Asian Cities Bond" sub-fund aims to deliver better long-term value-add by:

- (i) adopting a thematic approach of capitalising on the positive long-term structural trend for sustainable investing in Asia (underpinned by regulatory shifts as well as increasing awareness among investors and capital raisers) and
- (ii) focusing predominantly on hard currency bonds (vs. the blend strategy of the existing strategy)

The strategy will aim to maximize total returns while exhibiting a strong ESG profile.

Warning:

- ✓ Past results are not an indicator or guarantee of future results.
- ✓ There is no guarantee that this objective will be achieved.
